[Chapter 11 Case no  
09-50026 (REF)  
Docket 4079  
Claim # 68057-68058

Dear Judge Robert E. Gerber

As I was doing some research I came across this information about GM over paying a hedge fund as a son of Christ I have been taught to know the difference between right and wrong not by the world teaching's but by God's now some say God is wonderful and do not know what it means but I say he is wonderful he uncovers the littlest thing that some one try to hide you see that why I have faith in Christ he is going to do what he says all I have to do is have faith in him; I do it may not be much but I do when you do wrong it will come back to hunt you know matter how big or small it may be you will give an account of it and how I look at this God is give you another chance to get it right before he pass judgment on you for what you have done to me and all the other as well and believe you me what I wrote in the first letter to you God will make you pay that and more because you made yourself Judge over God blessing to me and other as well God didn't make you lord over his inheriting to all mankind of this world man did look if thank this is a joke not at all this is the letter that I wrote to General Motors Rick Wagner every thing in that letter have and will happen sooner or latter God do not lie now you may make him a liar through your way of doing things or your disobedience to him and that my friend is danger's place to be with God I know I have been there and seen it as well as I said in the last letter I give you 15 days to make this restitution as always may God bless you in your disunion I want you to understand there is to Gods one is God and the other is Satan and you have listening to one that is Satan there is only one list you need to listening to?

Sin: Joe Richardson Sr.

Dear: Rick Waggener

I come to you as a servant of Christ.

If someone told me that my company would lose a big sum of money and it happened, then told me that I would lose my job and that God was going to take it from me and it happened as well I would thank that it was time to take this man serious by now. I see it dose not seem to bother you because if it did you would have contacted me by now. That's fine, since you want to be stubborn as pharaoh was God will not be done with you yet. God is showing me how he is going to expose everything about GM to the public, from Roger Smith up to you and as I told you before, God is going to take everything you have; he will take it from them as well. If you had paid me, you would not have gone though as much. You have one more chance so you make the call just as pharaoh did in Egypt. He was wrong so let's see; the ball is in your court?

I have to tell you this, I had these letter ready weeks ago but it was not time for me to send it out yet. God showed me that he is going let you and the company self-destruct the cars that they are alienating now. This doesn't have to be, but until you recognize God and that he is talking to man-kind today just as he did thousands of years ago, he is still in the punishing business and if you donâ€™t tell them what I told you and let this company go down to nothing God is going make you pay for that as well.

God is talking are you listing? This may be your last call, the last time you hear from me and that I give my phone number.
